About the Conference

Join us at the AssisTech Innovations Summit 2025, where innovators, healthcare professionals, technologists, and policymakers come together to explore how cutting-edge technologies are transforming lives. This conference will spotlight advancements in assistive devices and solutions that empower individuals with various health conditions, older persons with mental illnesses, children with learning disorder and neurodevelopmental disorders, burns/injury, trauma, paraplegic persons and persons with disabilities enhance independence, and improve quality of life.

Whether you're a developer, caregiver, or simply passionate about inclusivity, this event offers a unique opportunity to connect, learn, and contribute to a more accessible world.

Key Themes

1. Innovations in Mobility Devices

- Exploring modern solutions like smart wheelchairs, prosthetics and exoskeletons.

2. Assistive Technologies for Sensory Disabilities

- Devices enhancing vision, hearing, and communication for individuals with sensory impairments.

3. Cognitive Assistive Technologies

- Tools supporting memory, learning, and mental health.

4. Universal Design and Accessibility

- Designing environments and products that cater to all abilities.

5. Future Trends in Assistive Tech

- The role of AI, IoT, and wearable tech in creating smarter assistive solutions.

Event Highlights

1. Keynote Speeches

- Industry leaders and changemakers share insights into the future of Assistive Innovations.

2. Panel Discussions

- Experts discuss real-world challenges and opportunities in accessibility.

3. Product Demonstrations

- Explore the latest Adaptive Technology and Tools.

4. Networking Opportunities

- Connect with professionals, researchers, and advocates.

5. Workshops

- Hands-on sessions to understand and implement Accessibility Solutions.

Who Should Attend?

- Healthcare Professionals
- Technology Developers
- Policymakers & NGOs
- Users, Caregivers & Educators
- Students & Researchers
- Innovators/ Incubators
- Rehabilitation Professional, Manufacturers and Industry Partners

EVENT HIGHLIGHTS

25+
Speakers

100+
Delegates

150+
Students

25+
Exhibitors

Registration Details

	Delegate/Speaker	Student
Regular Registration:	12,000 + (taxes)	3,500 + (taxes)
On-the-Spot:	15,000 + (taxes)	5,000 + (taxes)

Exhibitors Details

	Size	Rates
Standard Booth	(3m x 3m)	90,000 + (taxes)
Premium Booth	(3m x 6m)	1,50,000 + (taxes)

Term & Conditions*

1. Registered Participants and Exhibitors will be served lunch and Hi-Tea.
2. Dinner is exclusively provided for Delegates, Speakers and Exhibitors.

Join Us in Making a Difference!

Together, let's explore the potential of technology to break barriers, empower communities, and create a more inclusive world.

Organised by:

Kalam Institute of Health Technology (KIHT) aims to facilitate focused research on critical components pertaining to medical devices by supporting institutions involved with R&D, industry, policy makers and knowledge repositories. This shall be achieved through transfer of technical knowledge and bringing strategic and coherent synergy of scientific facilities and institutions to compliment efforts on industrial promotion in the medical devices segment. It lives to bring increased access to affordable health products to citizens and a thriving medical devices manufacturing sector in India.

Rudraan Enterprises is a trusted name in event management, known for delivering seamless and impactful experiences. We specialize in organizing a wide range of events, including corporate summits, exhibitions, national championships, and cultural programs. With a focus on creativity, innovation, and sustainability, we ensure every event leaves a lasting impression. Currently, we are proud to organize the AssisTech Innovations Summit, showcasing advancements in assistive technology.
